

HACCP INTERNATIONAL FOOD-SAFE EQUIPMENT, MATERIALS and SERVICES

List of certified products by manufacturer

FZP (Food Zone Primary) items are suitable for use in the *food zone* and are suitable for contact with *food*.

Examples of products that may be classified FZP:

Disposable gloves, probe thermometers, conveyor belts, piping bags, utensils, cutting boards, servingware, ice making equipment, carcass tags, baking paper, food storage containers.

All FZP items are also food safe for use in FZS, SSZ and NFZ.

FZS (Food Zone Secondary) items are suitable for touching *food contact surfaces* but are not expected to touch *food* during normal conditions of use.

Examples of products that may be classified FZS:

Cleaning cloths and non-woven wipes, scour pads, hard surface sanitisers, drum covers, brushware, food packaging labels, washing-up detergent.

All FZS items are also food safe for use in SSZ and NFZ of food facilities.

SSZ (Splash or Spill Zone) items are suitable for use in *food handling areas* such as kitchens, production areas and processing areas, but are not suitable for coming directly into contact with *food* or items that will touch food.

Examples of products that may be classified SSZ:

Floor mats, hand-soap dispensers, rapid-closing doors, light fittings, extraction hoods, mops, floor surfacing materials, hair nets, insect control units.

Products classified as SSZ are also suitable for use in NFZ of food facilities.

NFZ (Non Food Zone) items are items that are suitable for use in and around *food handling facilities* and that make a contribution to food safety but that are not suitable for use in areas where *open* (unpackaged) food is handled.

Examples of products that may be classified NFZ:

Rodenticides, temperature monitoring software, laboratory equipment and analytical test kits, laundry equipment, liquid insecticides.

Products classified as NFZ are not suitable for use in any other food zones.

See <https://haccp-international.com/Food-Zone-Classifications> link for food zone details

Note, products that are certified to HACCP International's JASANZ accredited scheme are identified with (JASANZ) at the end of the product name.
